To whom it may concern;

RE: CLEAN AIR AND WATER SYSTEMS, LLC. (CAAWS), Dousman, WI

We have been providing surety bond credit to this contractor through Ohio Casualty/Liberty since their inception. CAAWS enjoys an excellent credit relationship with their bonding company. Surety credit has been routinely provided for this contractor on projects up to \$3 million and an aggregate basis of \$5 million.

Surety credit extension is considered on a job by job basis. If CAAWS is awarded a contract for a project and requests that we provide the necessary Performance and/or Payment Bonds, we will be prepared to execute the bonds subject to our review of acceptable contract terms and conditions, bond forms, appropriate contract funding and any other underwriting considerations at the time of the request.

CAAWS has enjoyed solid growth with profitable results. We have found this company to be professional, experienced, and progressive, staying abreast of new construction trends and ideas. We highly recommend this contractor to anyone who might wish to use their services or who might otherwise become associated with this fine organization in any way. This is a quality construction company providing exceptional work product and contracting services.

Very truly yours,

Lawrence A. Michael
